English

French

ABOUT ME

I am a passionate and detail-oriented front-end developer with a strong foundation in HTML, CSS, and JavaScript. As a creative problem solver, I thrive on turning design concepts into responsive and user-friendly websites. My hands-on experience includes implementing and maintaining web applications, ensuring cross-browser compatibility, and optimizing site performance. I am excited about the opportunity to contribute my skills to a dynamic team during an internship.

EXPERIENCE

Lifeservs Insurance Intern (January 2023)
- Practiced on oracle based softwares to manage clients and companies insurance transactions with the collaboration of the bank (BH bank).
- Worked in team of engineers who guided me through the process of maintaining the softwares used within the company.

Vice President of SecuriNets (2023-2024)
- Helped in the creation of a new branch of SecuriNets in the Higher Institute of Technological Studies of Nabeul.
- Played a key role in the success of the recent CTF (capture the flag) event that reached over 500+ IP addresses .
- Supervision and guidance of 60 club members in workshops & field events in other universities (ENIT,INSAT...)

Programming Languages
 -Python, C, Java, Angular, Bash, MYSQL, Adobe Illustrator, Photoshop, After effects.
 -A cybersecurity enthusiast using Kali linux and it's different tools (ghidra, metasploit, cutter, Nmap...)

COMMUNITY LIFE

Institue of Elecctrical and Electronics Engineers (IEEE ISETN)
- Active member in IEEE Computer Society.
